Please find below and/or attached an Office communication concerning this application or proceeding.

Notice of Non-Responsive Amendment

The amendment filed on 9/7/2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s):

Applicant's reply must present arguments pointing out the specific distinctions believed to render the claims, including any newly presented claims, patentable over any applied references, See 37 CFR § 1.111(b). Applicant's amendment filed 9/7/2004 indicates that reasons claims 6-67 are believed to be patentable are described in the reply filed 11/12/2003. However, remarks filed 11/12/2003 merely describe where limitations in the claims are supported in the specification. The remarks do not present arguments pointing out the specific distinctions patentable over the applied reference.

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Cameron Saadat whose telephone number is (571) 272-4443. The examiner can normally be reached on M-F 9:00 - 6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Xuan Thai can be reached on (571) 272-7147. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
